G Bm
I've seen the sun, crash into the ocean
Em C
And paint the sky purple and pink

G Bm
I've seen a star, shoot out of the night
Em C
And burn up before I could blink

G Bm
Snowflakes and diamonds, daisies and lightning
Em C
We'll never take it all in

G Bm
So why do we close our eyes
Em C
When we pray, cry, kiss, dream
G Bm Em
Maybe the most beautiful things in this life
C C/G
Are felt and never seen

G Bm Em C

G Bm
I've seen a picture, of what this world looks like
Em C
Lookin back down from the moon

G Bm
Satellite photos like brush strokes and Van Goghs
Em C
All shades of God's green and blue

G Bm
Melting and swirling, peaceful and twirling
Em C
Heaven's already around us

G Bm
So why do we close our eyes
Em C
When we pray, cry, kiss, dream
G Bm Em
Maybe the most beautiful things in this life
C
Are felt and never seen,

La da da da da

C D
The only way I know any of this
Em C
Might even be true
C D
Is the love I feel for you
C D
The love I feel for you

G Bm
So why do we close our eyes
Em C
When we pray, cry, kiss, dream
G Bm Em
Maybe the most beautiful things in this life
C
Are felt and never seen.
